Sensitive Information. We do not process sensitive information. All personal information that you provide to us must be true, complete, and accurate, and you must notify us of any changes to such personal information.

Information Automatically Collected. We automatically collect certain information when you visit, use, or navigate the Services. This information does not reveal your specific identity (like your name or contact information) but may include device and usage information, such as your IP address, browser and device characteristics, operating system, language preferences, referring URLs, device name, country, location, information about how and when you use our Services, and other technical

information. This information is primarily needed to maintain the security and operation of our Services, and for our internal analytics and reporting purposes.

Depending on how you interact with us, this log data may include your IP address, device information, browser type, and settings and information about your activity in the Services (such as the date/time stamps associated with your usage, pages and files viewed, searches, and other actions you take such as which features you use), device event information (such as system activity, error reports (sometimes called "crash dumps"), and hardware settings).

- *Location Data.* We collect location data such as information about your device's location, which can be either precise or imprecise. How much information we collect depends on the type and settings of the device you use to access the Services. For example, we may use GPS and other technologies to collect geolocation data that tells us your current location (based on your IP address). You can opt out of allowing us to collect this information either by refusing access to the information or by disabling your Location setting on your device. However, if you choose to opt out, you may not be able to use certain aspects of the Services.

3. WHEN AND WITH WHOM DO WE SHARE YOUR PERSONAL INFORMATION?

We do not share personal information in any situations or with any specific third parties.

We do not rent or sell your personal information (mobile data/opt-in data) to third parties/affiliates for marketing or promotional purposes.

4. DO WE USE COOKIES AND OTHER TRACKING TECHNOLOGIES?

We may use cookies and similar tracking technologies (like web beacons and pixels) to gather information when you interact with our Services. Some online tracking technologies help us maintain the security of our Services, prevent crashes, fix bugs, save your preferences, and assist with basic site functions.

We may share your information with Google Analytics to track and analyze the use of the Services. For more information on the privacy practices of Google, please visit the [Google Privacy & Terms page](#).

5. HOW LONG DO WE KEEP YOUR INFORMATION?

We will only keep your personal information for as long as it is necessary for the purposes set out in this Privacy Notice, unless a longer retention period is required or permitted by law (such as tax, accounting, or other legal requirements).

When we have no ongoing legitimate business need to process your personal information, we will either delete or anonymize such information, or, if this is not possible (for example, because your personal information has been stored in backup archives), then we will securely store your personal information and isolate it from any further processing until deletion is possible.

6. HOW DO WE KEEP YOUR INFORMATION SAFE?

We have implemented appropriate and reasonable technical and organizational security measures designed to protect the security of any personal information we process. However, despite our safeguards and efforts to secure your information, no electronic transmission over the Internet or information storage technology can be guaranteed to be 100% secure, so we cannot promise or guarantee that hackers, cybercriminals, or other unauthorized third parties will not be able to defeat our security and improperly collect, access, steal, or modify your information. Although we will do our best to protect your personal information, transmission of personal information to and from our Services is at your own risk. You should only access the Services within a secure environment.

7. DO WE COLLECT INFORMATION FROM MINORS?

We do not knowingly collect, solicit data from, or market to children under 18 years of age, nor do we knowingly sell such personal information. By using the Services, you represent that you are at least 18 or that you are the parent or guardian of such a minor and consent to such minor dependent's use of the Services. If we learn that personal information from users less than 18 years of age has been

collected, we will deactivate the account and take reasonable measures to promptly delete such data from our records. If you become aware of any data we may have collected from children under age 18, please contact us at privacy@colography.com.

8. WHAT ARE YOUR PRIVACY RIGHTS?

Withdrawing your consent: If we are relying on your consent to process your personal information, which may be express and/or implied consent depending on the applicable law, you have the right to withdraw your consent at any time. You can withdraw your consent at any time by contacting us at privacy@colography.com.

However, please note that this will not affect the lawfulness of the processing before its withdrawal nor, when applicable law allows, will it affect the processing of your personal information conducted in reliance on lawful processing grounds other than consent.

Opting out of marketing and promotional communications: You can unsubscribe from our marketing and promotional communications at any time by clicking on the unsubscribe link in the emails that we send, replying "STOP" or "UNSUBSCRIBE" to the SMS messages that we send, or by contacting us at privacy@colography.com.

If you have questions about your privacy rights, you may contact us at privacy@colography.com.

9. CONTROLS FOR DO-NOT-TRACK FEATURES

Most web browsers and some mobile operating systems and mobile applications include a Do-Not-Track ("DNT") feature or setting you can activate to signal your privacy preference not to have data about your online browsing activities monitored and collected. At this stage, no uniform technology standard for recognizing and implementing DNT signals has been finalized. As such, we do not currently respond to DNT browser signals or any other mechanism that automatically communicates your choice not to be tracked online. If a standard for online tracking is adopted that we must follow in the future, we will inform you about that practice in a revised version of this Privacy Notice.

California law requires us to let you know how we respond to web browser DNT signals. Because there currently is not an industry or legal standard for recognizing or honoring DNT signals, we do not respond to them at this time.

10. YOUR RIGHTS

You have rights under certain US state data protection laws. However, these rights are not absolute, and in certain cases, we may decline your request as permitted by law. These rights include:

- **Right to know** whether or not we are processing your personal data
- **Right to access** your personal data
- **Right to correct** inaccuracies in your personal data
- **Right to request** the deletion of your personal data

- **Right to non-discrimination** for exercising your rights
- **Right to opt out** of the processing of your personal data if it is used for targeted advertising (or sharing as defined under California's privacy law), the sale of personal data, or profiling in furtherance of decisions that produce legal or similarly significant effects ("profiling")

Depending upon the state where you live, you may also have the following rights:

- Right to obtain a list of the categories of third parties to which we have disclosed personal data (as permitted by applicable law, including California's and Delaware's privacy law)
- Right to obtain a list of specific third parties to which we have disclosed personal data (as permitted by applicable law, including Oregon's privacy law)

How to Exercise Your Rights

To exercise these rights, you can contact us at privacy@colography.com, or by referring to the contact details at the bottom of this document.

Under certain US state data protection laws, you can designate an authorized agent to make a request on your behalf. We may deny a request from an authorized agent that does not submit proof that they have been validly authorized to act on your behalf in accordance with applicable laws.

Request Verification

Upon receiving your request, we will need to verify your identity to determine you are the same person about whom we have the information in our system. We will only use personal information provided in your request to verify your identity or authority to make the request. However, if we cannot verify your identity from the information already maintained by us, we may request that you provide additional information for the purposes of verifying your identity and for security or fraud-prevention purposes.

If you submit the request through an authorized agent, we may need to collect additional information to verify your identity before processing your request and the agent will need to provide a written and signed permission from you to submit such request on your behalf.

11. DO WE MAKE UPDATES TO THIS NOTICE?

We may update this Privacy Notice from time to time. The updated version will be indicated by an updated "Revised" date at the top of this Privacy Notice.
